Blee (optional)
b:vscode:claude/atPrompt
(x c in magit, menus,
org command links)
1 prompt in
vscodeClaude.cs
-i claudePrompt
code --open-url,
paste
VS Code + Claude
session input box
(you press Enter)
the file in Blee,
at the same line
emacsclient
vscode.cs
-i bleeOpenFile
(planned)
4 VS Code → Emacs
VS Code editor
(user task + key)
magit commit buffer
(commitMsg/offer)
offered at c c
<repo>/.git/
CLAUDE_COMMIT_MSG
2 by file
Claude
(its tools)
3 by call (when the prompt
names this Emacs)
Blee server
(emacsclient -s <socket>)
